

TYM AGNES PETER

Our little one has arrived :)

We were filled with expectation and suspense in the last two weeks of November. On the 29th, at 10:07 pm, Anna was born with 3.705 kilos and 50 centimeters, normal birth, 41 weeks. We praise the Father and Creator for this life! We are grateful to every dear person and every Church that **prayed for Agnes' pregnancy** and childbirth! **We want to thank** everyone who gave to our little one even from a distance! The [baby shower](#) was virtual (access the link), but even so we were able to share a **nice moment with family and friends!** The [gift list](#), also virtual, worked and we have received the gifts by mail or the amount needed. We are grateful to everyone who participated in this special arrival with us! Covered by prayers and affection :)

Undoubtedly something that we have as a priority at this time in Brazil is **family time!** Meet nephews, participate in sending a [sister to the mission field](#), see a brother have his first child. The cousins enjoy themselves. Being with grandparents and great-grandparents. **Thank you, Lord!**

We were able to visit dear friends in **Brasília in October** and participate in the face-to-face service in our [Church](#) . In November, unfortunately, **Tym fractured** a small bone in his foot and he can't move it. We were unable to make more visits to Brasilia and other churches. We have followed and participated at a distance.

The end of the year has arrived and it is time for festivities, **time for communion** and family. Pedrinho has already decorated a branch that we cut from a tree with angels, horn, drum, stars and is already in the mood for Jesus' birthday celebrations as he says:) We would like to be in **Rio Grande do Sul** on December 25th. The idea is to drive down there to visit Tym's family. Pray with us for this trip, scheduled for December 15, and the necessary resources. We will go according to the level of our adaptation, **recovery** and health of Agnes and Anna.

In Guinea-Bissau the work does not stop! The past two months have been a time of intense work in **harvesting and storing** food at the mission. The boarding students served with the youth of the Church hired for joint efforts! Now the **dry season has come**, which will last until June or July next year. The challenges are now at the school which is almost finishing its **first term**. First year classes to high school are in full swing! There are many challenges for the much reduced team that stayed in the field in the absence of three families (including us) during this time!

Pray with us:

Praises:

- for the [Virtual Baby Shower](#) we did on October 17th (access the link);
- for the examinations and medical consultations that Agnes managed to do for the SUS in most cases and the provision of resources for individuals and for childbirth;
- for the BIRTH:)

- for our family, health, Agnes' pregnancy, Pedro and Anna's development;
- for the reunion with friends and family here, Pedro's quality time with cousins, grandparents and great-grandmother;
- for **virtual meetings with Missionary Kids** where we have participated as facilitators weekly, and other work in this area with [PHILHOS](#) .

Prayer Requests:

- for Tym's recovery. He fractured a metatarsal and has his foot immobilized until early December;
- for the **necessary resources for our trip to the South** of Brazil, for the safety on the road and our health in the middle of the pandemic;
- for time with family, friends and churches in the South during December and January;
- for **Pedro and Anna's health, education and development** ;
- for our family, our relationship as a couple, parents, child, family, church partners and individuals;
- for planning our agenda during our time in Brazil. That we would have wisdom in the context of a pandemic;
- for the [graduate program](#) that Tym is taking;
- for Tym's parents who stayed in Guinea-Bissau with two couples of workers; for the other two families of missionaries on the team who are in their homeland for the time being.
