

# Tym and Agnes

At last we are home!

Peter and Anna are already surrounded by cashews and mangoes. The strong heat greeted us, but the freshness of the morning and late afternoon cheers us up as well as the reunion with friends, neighbors, brothers and Tym's parents.

We had a great trip. Thank you very much for the prayers, visit at the airport, company on the road to São Paulo, offerings and messages. All the bags came and the kids traveled well! We arrived in Bissau and the next day we took the road to Quebo.

Peter gradually has recovered the Guinean Creole and is mixing it with Portuguese. Church activities are functioning with protective measures as well as classes in the three mission schools. We're in the last school trimester. We are happy to be back! We have some work in progress and many plans.

## Pray with us

### Praises:

- for the Threshold Ministry seminar we did for two weeks. It was very fruitful and renewing,
- for our journey from Annapolis to Quebo;
- for our house that we found well!
- That cases of covid-19 in Quebo have not increased;
- Anna turned six months old!

### Requests:

- for our relationship as a couple, parents, team and community;
- we have served in ministry with Missionary Kids. We ask the Lord to empower us;
- for the purchase of a solar system for energy in our home.
