

Tym, Agnes, Peter, Anna

Feeling trapped. Waiting to get out.

We would like this photo to be recent, **but we have been** in Brazil since July 22, 2020. We're packing our luggage believing **we'll be heading** back to Guinea-Bissau soon. Maybe it's not as fast as we'd like, but **we're watching border openings** and airfares. What a joy to be able to communicate and **receive so many messages**, support and prayers even in this crazy time in the world. Thank you for **the new contacts and partners** for the Mission in Quebo! Thank you to every family and Church that welcomes us even if **virtually!**

We are here in **Anápolis**, Goiás, in the house next to Agnes' parents, in this time of waiting.

We celebrated **Agnes'** birthday on March 11th with her parents. And April 2nd is **Pedro's birthday!** Five years old. **Anna** is fine and has already completed four months :)

We know that in the Lord's time we will be together again with our Guinean brothers and friends! The **Church reconvened** this week and classes **at the school followed**. Unfortunately **covid-19 arrived this** month in Quebo. So far there have been no reports of more cases, although there are only tests in the capital. Now the **people there** are focused on the cashew nut campaign, source of income for many families. Let us pray together for this .

Pray with us

Praises:

- for our productive **time in Brazil**, even in the midst of the pandemic;
- for our family, health each day we had on the road on visits with Pedro and Anna;
- quality time with family members;
- opportunity to take training courses

Prayer Requests:

- for our return to Guinea-Bissau!
- may the Lord free **the people of Quebo** from the disease that came there this month;
- **for Tym's** parents who remained in Guinea-Bissau with two families;
- for the other two families of missionaries on the team who are in their homeland for the time being;
- for **our relationship** as a couple, parents, children, family members, Church partners and individuals;
 - we have served [the Children of Missionaries](#). We ask the Father to empower us in this ministry;
- we pray to the Father to use the Threshold Ministry's care and [restoration season](#) in our lives for the next two **weeks**.
