Transforming West Africa with the Hope of Christ

One question that we frequently get asked as we are sharing our vision with people is, "is there anything you guys need?" Over the past couple of weeks we have been thinking about what we will need to take with us to Guinea Bissau that we can't find there. We have compiled a wish list on Amazon of several items we would like to take with us when we travel in March. The items will be used for construction, ministry, solar power, and since there is no Netflix in Guinea Bissau some DVD's for entertainment after a long day. Also if you have movies or tv shows on DVD that you no longer use and would like to donate to us we would love to take them with us. Just email and let us know.

If you would like to purchase an item that we need for our move you can click on the "Donate an Item" button below to see our list on Amazon. At checkout choose "Hope Remembered's gift registry address" and all items will ship directly to us. Thanks!
